**Description**

This Mafia daughter is a result of an embryo purchase from the Maine Exchange sale and one that gets us fired up! I think her pedigree not only reads elite and versatile but when you study lot 2, you'll see she has the outlier type pieces it takes to compete at a high level! Big outlined, extremely extended and still opened up from end to end. 30 more days of cool weather to hair back up and it will be game on!
