Seller Phone (616) 340-7171

Seller Location BELLEVUE, MI

Species Cattle

Description

This high-quality open heifer lot owned with the Scales family is the result of an embryo flush from our PVF Insight donor that was successfully shown by Danielle and was a high placing female in Louisville. She brings unparalleled phenotype and a genetic package with years of longevity and productivity. If there was a female that we should keep, it is this one, as her structure is flawless, with the kind of length and depth of body you want on a female. Please take a look at this powerful future brood cow and you might just want to show her in Louisville yourself!
