**Description**

Great herd bull prospect here out of our very own Black Betty donor! Betty is a daughter out of the great Lucy cow from AcMoodys and Parks Show Cattle. Betty had a successful show career in the Mainetainer division for Miya Peters and is now off to a hot start as a donor! In her first set of ET's she produced a \$15,000 maternal sib in Mosiman Farms sale! This Data Bank son gives you a great opportunity to move your herd forward making sound, good built, neat looking cattle with added power and rib

to make both heifers and bulls. Not to mention all of his offspring can be registered Mainetainers!
