Description

There isn't a lot I do to get under Blake's skin but when I told him I was selling this one, he wasn't happy with me. Like I said in another comment, these lambs need a couple weeks to look their best for pictures. She is out of one of our very best ewes. Blake showed her maternal brother to Champion Bred, born and raised honors at Huron Co and the Third Overall. She is green today but will make you some green tomorrow.
