Description

If you study structure like we do; I beg you to pay extra close attention to this female. This heifer calf is built like they are supposed to be built. She has bone and power. She is athletic in her movement and so cool to look at and oh what a bonus- bred to be good with proven genetics. Probably not a lot of other heifers in this sale that had a Granddam win NAILE- this one's did. Her dam is sired by a full brother to Can Do - if you're paying attention in the Limmy breed you'll understand.. ! She is super cool with a disposition to make everyone love her more! Hold on tight to the MAX BID.
