**Seller Location** 1275 Caldwell Rd Bethel, OH 45106

**Seller Contact** Mark, Mary and Jeremy Hatfield

**Description**

All of us at Hatfield Cattle would like to first thank everyone who made our inaugural 2021 sale a huge success. We were a bit hesitant to try our hand at an online sale after more than 25 years of doing things successfully in person. However, our friends at Breeders World, the quality help, and most importantly, our outstanding customers (both existing and new), allowed us to emerge into the modern age. We feel like we delivered a solid product, but our customers did the rest! THANK YOU! We want to start things off with an absolute red explosion. We are talking about a steer that has never been overlooked. He is incredibly powerful but with more than the requisite soundness. Top it off with eye appeal to spare. We have been excited to show him off all spring. His full sibling was the crowd favorite last year and we have confidence the current model will be even more popular. We promise he delivers more in person than a camera can capture. A big thanks to Opie Campbell for helping make this steer

possible.
