Description

This calf is one of the younger ones in the sale, but he was too good to hold out. He is extremely well balanced, huge boned, big footed, super stout, huge hipped and free and easy moving as you can find one. We see a great deal of potential in this calf, as he continues to mature. He will make a great prospect in the later summer shows and the fall circuit. Bred by Premier Cattle 937-269-1549
