Description

This female is a maternal sister to Becca Pertuset's heifers the last two years, and unfortunately the last offering from her 15 year old mother. If her picture doesn't make you park and watch the video, we've got problems. This one is as green as the picture pen grass, but I'd be willing to wager that by beef expo time, she'll be in the hunt. Overwhelming amounts of quality here, that truly has unique pieces to breed on down the road.
