### **Description**

Katie bar the door cause this one deserves a looksy. She is just a young yearling but that didn't stop her from blossoming. Definitely could be a show ewe with lambing barn presence. She earned a spot in the show flock but we wanted a good consignment for Sedalia. But unfortunately, can't commit for all the days and opted to offer her online. Pictures do not do her justice. If you looked up pretty and stylish in the dictionary, her pic would be right there. She has that feminine eye appeal to turn every ram's head. Her momma is out of one of the last Stumpe ewes offered at the National. And her daddy... well he is well remembered as the \$9000 Montadale Ram that sold on the 1st ever National online sale. We are retaining her twin. You will not

be disappointed here!
