### **Description**

This Meant to Be son will be a great investment for any herd. He was Champion Bull at the G.A.S Harvest Open and went on to place second in class at NAILE in the open purebred show. He's stout with tons of muscle shape and bone all the while maintaining a super correct structure. We believe he will go on to produce great females for many years. He has a super calm disposition with a BW of 74lbs. Selling with 20 units of semen.
